DETAILED ACTION

This Office Action is in response to the Amendment filed on January 04, 2005. Applicant's cooperation in correcting the informalities in the specification is appreciated. The Supplemental Declaration including the correct name of the second inventor is acknowledged.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: None of the cited prior art alone or in combination teaches the claimed combination of a supercharger arrangement for an engine assembly including:

" Regarding claim 1:

said superchargers being substantially identical construction and separable from said first and second mounting members, and said lubrication conduits being routed through their respective said mounting members in such a manner that said first and second superchargers are mounted on said engine assembly in substantially mirror image orientations thereabout.

Regarding claims 7, and 9-10:

each mounting member having integrated therewith a lubrication feed passage and a lubrication return passage; and the routing of said feed and return passages being substantially inverted between said mounting members in the region of respective supercharger mounting faces with a substantially mirror image orientations."

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
